NOTICE

To: All Interested Parties

Subject: 2006 Segregated and Commingled Refund Value per Pound and Number of Containers per Pound Rates

This notice is to inform you of changes in the segregated refund value per pound rates as well as statewide and individual commingled refund values per pound rates for each type of recycling program. Commingled refund value per pound rates are set each year to reflect the percentage of California Redemption Value (CRV) containers in loads of recyclables containing both CRV and non-CRV containers and are the basis for proper payment of CRV for such loads. *New rates for aluminum, glass, plastic, and bimetal beverage containers will be effective January 1, 2006*, pursuant to the annual calculation requirement in Public Resources Code Section 14549.5.

Attachment 1 reflects the refund value per pound rates by program type. Table 1 applies only to recycling centers where individual transactions take place. The statewide average segregated containers per pound rate for each material type is also provided here for informational purposes only. Table 2 applies only to material redeemed through reverse vending machines. Tables 3, 4 and 5 are for curbside programs, certified dropoff or collection programs, and community service programs, respectively.

Attachment 2, intended only for use by recycling center operators, is a refund value conversion chart, which reflects the refund values to be paid for consumer transactions. This chart is designed to determine the refund value based on weight received, rounded to the nearest one-tenth pound. This chart is not to be used for curbside, dropoff or collection and community service program transactions.

Curbside, dropoff or collection and community service programs may exercise their option of conducting an individualized commingled rate study to determine rates solely for their program(s).

Attachment 3 specifies the 2006 Individual Commingled Refund Values per Pound and should be used to determine proper payment to applicable curbside, dropoff or collection and community service programs. Individual commingled rates are applicable to specific material types (i.e., aluminum, glass, PET plastic, and HDPE plastic).

All Interested Parties

2006 Segregated and Commingled Refund Value per Pound and Number of Containers per Pound Rates

November 23, 2005

Page 2

A program may use an individual commingled rate for one or more material types and a statewide commingled rate for another. All curbside, dropoff or collection and community service programs not listed on Attachment 3 will continue to receive CRV at the statewide average commingled values per pound rates for all material types, until further notice.

Pursuant to Section 14585(a)(3) of the Public Resources Code relating to handling fees, beverage containers with a capacity of 24 fluid ounces or more shall be considered as two beverage containers for the purposes of determining the eligibility percentage, any handling fee calculations, and payments. Therefore, in addition to the statewide average segregated containers per pound rates listed in Attachment 1, the number of containers per pound used by the Department of Conservation (Department) exclusively to convert redemption weights reported on Handling Fee Applications (DR-14) to container counts have been updated and are listed below.

**2006 Number of Containers per Pound Used by the Department
For Handling Fee Application (DR-14) Weight-to-Count Conversions**

| <u>Material Type</u> | <u>Number of Containers per Pound</u> |
|---------------------------------------|--|
| Aluminum | 31.0 |
| Glass | 2.0 |
| Plastic | |
| #1 – PET (Polyethylene Terephthalate) | 17.3 |
| #2 – HDPE (High Density Polyethylene) | 10.3 |
| #3 – PVC (Polyvinyl Chloride) | 11.3 |
| #4 – LDPE (Low Density Polyethylene) | 41.5 |
| #5 – PP (Polypropylene) | 11.0 |
| #6 – PS (Polystyrene) | 69.5 |
| #7 – Other | 12.3 |
| Bimetal | 8.3 |

The Department will continue to monitor the beverage container recycling stream with respect to the containers per pound rates and segregated and commingled refund value per pound rates. Any significant changes will be analyzed and necessary adjustments will be addressed in future notices.

Note to certified recycling centers: If the refund value or the commingled rate change overlaps a receipt and log period, it is recommended that a Shipping

Containers per Pound Rates

November 23, 2005

Page 3

Report (DR-6) be filled out for the period of the old rate and another DR-6 be filled out for the period of the new rate. Failure to separate the weights may delay your payment and the Department will only reimburse payment at the lower rate for the entire reporting period.

If you have any further questions regarding these segregated or commingled refund value per pound rates or the number of containers per pound, please contact Chris Goetzke at (916) 327-7596 or Darald Walther at (916) 322-4178. For questions regarding the individual commingled refund value per pound rates, please contact Ralph Taylor at (916) 327-3044. Written comments may be sent via mail to 801 K Street, MS 17-24, Sacramento, CA 95814 or via facsimile to (916) 445-0645.

Jim Ferguson
Assistant Director
for Recycling

**PAYMENT OF CALIFORNIA REFUND VALUE
EFFECTIVE JANUARY 1, 2006**

California Code of Regulations, Title 14, Section 2500(e), requires recycling centers to post the following refund prices by weight or by container and by material type.

| Table 1. ALL RECYCLING CENTERS | | | |
|--|--|--|--|
| Material Type | (A) Segregated Containers Per Pound | (B)* Fully Segregated Per Pound | (C)* Commingled Per Pound |
| Aluminum | 29.5 | \$ 1.24 | \$ 1.13 |
| Glass | 1.83 | \$ 0.081 | \$ 0.065 |
| PET Plastic | 12.8 | \$ 0.69 | \$ 0.59 |
| Bimetal | 8.0 | \$ 0.33 | Segregated Only |
| Other Plastics | | | |
| #2 HDPE (High Density Polyethylene) | 5.6 | \$ 0.41 | \$ 0.22 |
| #3 PVC (Vinyl) | 9.8 | \$ 0.45 | Segregated Only |
| #4 LDPE (Low Density Polyethylene) | 41.6 | \$ 1.66 | Segregated Only |
| #5 PP (Polypropylene) | 9.0 | \$ 0.44 | Segregated Only |
| #6 PS (Polystyrene) | 69.8 | \$ 2.78 | Segregated Only |
| #7 Other (includes pouches and unspecified resins) | 11.3 | \$ 0.49 | Segregated Only |

| Table 2. REVERSE VENDING MACHINES ONLY** | |
|---|---------------------------------|
| Material Type | Commingled Per Pound |
| Aluminum | \$ 1.24 |
| Glass | \$ 0.072 |
| PET Plastic | \$ 0.65 |

| Table 3. CURBSIDE PROGRAMS ONLY | |
|--|---------------------------------|
| Material Type | Commingled Per Pound |
| Aluminum | \$ 1.20 |
| Glass | \$ 0.040 |
| PET Plastic | \$ 0.52 |
| HDPE Plastic | \$ 0.07 |

| Table 4. DROPOFF or COLLECTION PROGRAMS ONLY | |
|---|---------------------------------|
| Material Type | Commingled Per Pound |
| Aluminum | \$ 1.18 |
| Glass | \$ 0.040 |
| PET Plastic | \$ 0.52 |
| HDPE Plastic | \$ 0.05 |

| Table 5. COMMUNITY SERVICE PROGRAMS ONLY | |
|---|---------------------------------|
| Material Type | Commingled Per Pound |
| Aluminum | \$ 1.21 |
| Glass | \$ 0.044 |
| PET Plastic | \$ 0.55 |
| HDPE Plastic | \$ 0.08 |

*(B) and (C) only are to be used to calculate the Refund Payment.

** For machines intake volumes only.

Note: The containers that produce the Containers Per Pound (CPP) in column (A) vary in size. Consequently, the refund value is \$0.04 for some containers (<24 oz.) and \$0.08 for others (≥24 oz.). Therefore, one cannot simply multiply the CPP average by either refund value to get the Fully Segregated Per Pound rates, column (B).

SB 332 excludes any beverage that is not sold in an aluminum, glass, plastic, or bimetal container. Therefore, rates for bag-in-a-box and aseptic containers are not determined.

| 40 | \$49.60 | \$45.20 | \$3.24 | \$2.60 | \$27.60 | \$23.60 | \$16.40 | \$8.80 |

How to use this chart:

- 1: Determine weight of customer's load.
- 2: Find the number of "WHOLE POUNDS" on the chart.
- 3: Look across the chart under the material type being weighed. Note the amount paid in CRV for that many whole pounds.
- 4: Find the amount of the customer's load that is a fraction of a pound ("TENTHS OF A POUND") and note the amount paid for CRV for that part of the load.
- 5: Add the two amounts.

NFor loads containing one (1) CRV container, determine payment based on count.

For loads containing two (2) CRV containers or more, payment can be determined using this chart

California Refund Value (CRV) Per Pound: Conversion Chart for Recycling Centers Only

How to use this chart:

- 1: Determine weight of customer's load.
- 2: Find the number of "WHOLE POUNDS" on the chart.
- 3: Look across the chart under the material type being weighed. Note the amount paid in CRV for that many whole pounds.
- 4: Find the amount of the customer's load that is a fraction of a pound ("TENTHS OF A POUND") and note the amount paid for CRV for that part of the load.
- 5: Add the two amounts.

Note: For loads containing one (1) CRV container, determine payment based on count.
For loads containing two (2) CRV containers or more, payment can be determined using this chart.

**2006 Individual Commingled Rate Programs
Refund Value Per Pound Rates
Effective July 1, 2006**

| Curbside Programs | | | Individual Commingled Refund Values per Pound | | | |
|--------------------------|------------------------------|-----------------------------|--|----------------|--------------------|---------------------|
| Participant ID | Operator Company Name | City/County/District | Aluminum | Glass | PET Plastic | HDPE Plastic |
| CS1073 | Pacific Rim Recycling | City of Benicia | \$1.24 | \$0.044 | \$0.61 | STW |
| CS1077 | Pacific Rim Recycling | City of Martinez | \$1.24 | \$0.044 | \$0.61 | STW |
| CS1078 | Pacific Rim Recycling | City of Pleasant Hill | \$1.24 | \$0.044 | \$0.61 | STW |

*STW is the statewide average commingled refund value per pound.

The 2005 individual commingled rates are valid from July 1, 2006 through December 31, 2006, unless otherwise notified.

For general questions about the Individual Commingled Rate Program, or for verification of an operator's current individual commingled rate, please call Ralph Taylor, Market Research Branch at (916) 323-5778
